# All your Questions answered ...

## 1. What is the maximum amount of children for a birthday party?

Our maximum capacity is 25 kids. We recommend a drop and coffee approach, allowing adults to enjoy one of our local restaurants, cafe's or pubs, whilst the kids enjoy themselves, however there is room for parents to hang whilst their children enjoy the party, if they choose to do so.

## 2. Do you supply food and drinks?

We don't include this in our party packages but we recommend snacks such as popcorn, a super duper fruit and vegetable platter, a few sugary treats as well as water for each child.

We have our own re-useable plates, cups and cutlery for your use, which we set out prior to the party, along with platters (if required), lighter, knife, cake lifter and serviettes.

## 3. Do you supply decorations?

Our studio is very colourful. We've found that extra decor is not necessary, however, some families do choose to bring banners, balloons, table decorations, etc. to add to the aesthetic, which is welcome.

## 4. How many staff members are at a birthday party?

In studio parties have one staff members for a party of 10-15, additional "Faire Party Fairies" can be called on for larger groups, if required.

## 5. Where do people park?

**Kalamunda Studio:** the best place to park is in either street parking on Haynes Street, or behind our building (off Nestobrae Lane).

**North Perth Studio:** street parking is available or opposite the studio there is a small carpark.

## 6. Is drop off allowed?

Yes, drop off is welcomed and encouraged, however we love having parents stay and capture the amazing moments their children are having. We recommend you hit up a local cafe with the parents whilst we entertain the kids.

## 7. How early can we set up?

Hosts are welcome to set up up to 15 minutes before the party. If you need additional time we are happy to arrange it.

## 8. How long is the art making portion of the party?

Creating takes place for the first hour and a half of the party. If the activity is finished quicker than anticipated we fill the time with fun games and extra arts and crafts. If Option Two is selected, creative time is extended to 2hrs.

## 9. Is it possible to get assistance unloading the car?

Absolutely. We're happy to assist you.

## 10. Where do I find birthday party times and availability?

You can see availability on our website, and book the next available timeslot from there, if you can't find a date that suits, you can get in touch and we can see if we can make something work.
